

CALL FOR PAPERS

for an online scientific conference

titled as

„ESG PERSPECTIVES AND PRACTICES”

organized on

15 November 2023. 13.00-15.00

by MILTON FRIEDMAN UNIVERSITY in cooperation with
the VISEGRAD UNIVERSITY ASSOCIATION YOUTH section

The above scientific conference is organised in line with MILTON’s strategic goals as well as the VUA’s key priorities, while taking into account the current economic, social, environmental, corporate and academic trends. The main objective of the event is to present and discuss the responses and practices that companies/organisations can apply to address market challenges while to operate sustainably and create long-term value. In addition, we invite professors, lecturers, young researchers and PhD students to deliver presentations to provide deeper knowledge into the theoretical perspectives of sustainable development.

- Length of presentations during the conference: 10 minutes
- Manuscripts are also welcome. Reviewed articles will be published in the special issue of the VUA journal titled as „Visegrad Journal on Bioeconomy and Sustainable Development” in 2024.

Registration deadline: 5 November 2023. Please inform the organizers about your intention to participate along with title of your presentation via e-mail to the organizers.

For further information please contact Prof. Dr. Henrietta Nagy (nagy.henrietta@uni-milton.hu).
